

Introduction to Wrap up and Consolidation

Dominic Smith, University of Queensland

Research Symposium

Siantar, North Sumatra

July 1- July 5 , 2019

Australian Government

**Australian Centre for
International Agricultural Research**

Introduction

- This final session aims to consolidate the findings from the field visits and the last two days of reporting and discussions
- The aim of the session is for each country group to answer a set of key questions that will guide the activities and expected outcomes for the remaining 1 year of project implementation.
- Please work in country groups to answer 5 key questions.
- Please nominate one group member to report back after the completion of the group work

5 Key Questions for your location

- What are the relevant mechanisms for transfer of technologies by private sector through the value chains?
- What is the role of government to support this process?
- What can the program and partners do to facilitate this process in the remaining year of the project?
- What is the best way to collect data on adoption of improved technologies?
- What is the best way to document changed practices by different actors in the value chain?

Thank You
